Classes are limited in enrollment size. Please send a deposit of \$35 one week before each individual workshop to reserve a space. Check our website for more information about the teachers because we cannot fit all their illustrious careers on one page.

This is an intimate opportunity for exchange of information with artists who teach, perform and choreograph in New York and Europe today. During our first mini festival we are pleased to have some of the best performers, teachers and choreographers in the world, some have not even been seen in New York yet.

The Panetta Movement Center, a meeting place for the international dance community, is dedicated to bringing together performers, choreographers and teachers from all over the world in the investigation and exchange of new visions in dance.
